

NORTH INTERNATIONAL MUSIC COMPETITION

The North International Music Competition is an online music competition for musicians around the world. Since the competition started in 2017 we've had more than 2500 participants from around 40 countries, 500 cities and from more than 200 musical institutions.

This year we are holding our fifth competition and since its launch in 2017 it has become one of the leaders among international online music competitions in the world. It has provided a platform for musicians to test their skill against others in the same age and instrument from all over the world and has helped musicians to improve their skill, act as a reference in search of scholarships and being a part of the contestants artistic biography.

WE ARE EXCITED TO PRESENT THE RESULTS OF THE NORTH INTERNATIONAL MUSIC COMPETITION

We've had a long and inspiring process going through these talented musicians. As it is our fifth time holding this competition, we are very excited that we received submissions from 41 different countries.

We are publishing the top three in each category, where there is a blank space, no candidate qualified for the spot.

The competition has been expanding and we have been working hard on establishing partnerships around the world that can benefit our contestants.
