The North International Music Competition is an online music competition for musicians around the world. Since the competition started in 2017 we've had more than 5100 participants from around 40 countries, 500 cities and from more than 200 musical institutions.

This year we are holding our twelfth competition and since its launch in 2017 it has become one of the leaders among international online music competitions in the world. It has provided a platform for musicians to test their skill against others in the same age and instrument from all over the world and has helped musicians to improve their skill, act as a reference in search of scholarships and being a part of the contestants artistic biography.

# **WE ARE EXCITED TO PRESENT THE RESULTS OF THE NORTH INTERNATIONAL MUSIC COMPETITION**

We've had a long and inspiring process going through these talented musicians. As it is our twelfth time holding this competition, we are very excited that we received submissions from 24 different countries.

We are publishing the top three in each category, where there is a blank space, no candidate qualified for the spot.

The competition is expanding and we are working hard on establishing partnerships around the world that can benefit our contestants.
